WVU Wireless Access for Sponsored Accounts

If you have a sponsored account, you should use your provided credentials to access the WVU.Encrypted network.

1. You should have received your login information via email.
2. From your device's list of available networks, select **WVU.Encrypted**.
3. Enter your provided username and password.
4. Click **Sign On**.

If you need additional assistance, contact Shannon Cunningham Shearer.

WVU Students, Faculty and Staff

Current WVU students, faculty, and staff can log into the WVU.Encrypted wireless network with their WVU Login credentials (the same ID and password used for eCampus, MIX, STAR, etc.).
